

Johnson County Right to Life

Engage Educate Embrace

Christmas 2020

"I came that they may have life, and have it abundantly" John 10:10

A Note from Sheryl Schwager, Executive Director

Despite the difficulties and sufferings of this challenging year, the promise of eternal life in Jesus Christ is what gives us hope to persevere in securing the right to life for all who are made in His image. For it is through His incarnation that God entered humanity and called us to a fullness of life that far surpasses this earthly existence. With this eternal perspective, we can be assured that in the midst of a world-wide health crisis, social

unrest, and political upheaval, Christ is always and everywhere our Healer, Prince of Peace and King.

Inherent in our mission to protect the dignity of life is the hope that those immersed in this culture of death will experience healing and peace that only Christ can provide. This is the "good news" of the Gospel of Life that we celebrate at Christmas and witness to in our pro-life work all year-round.

As Ambassadors for Life, each one of us can joyfully declare, *"I'm not just pro-life, I'm pro-eternal life."* (Sister Dede Byrne)

As we prepare our hearts to welcome the birth of our Savior, may we re-dedicate ourselves to proclaim, celebrate and witness to the Gospel of Life for the most vulnerable among us.

You are a vital partner in our mission to engage and educate our community to embrace the sanctity of life, marriage and family. We are thankful for your prayers and support because restoring a culture of life in our community can't be achieved without you.

On behalf of all of us at Johnson County Right to Life, I wish you and your family a safe and blessed Christmas.

Family Planning with the Creighton Model

The Creighton Model is a unique method of family planning. It relies upon the observation of signs essential to fertility. The method is based upon the fact that during a woman's cycle, she will experience characteristics that indicate times of fertility and infertility. In addition, the Creighton Model can be used to identify abnormalities in a woman's hormonal health.

Learn how you can chart your cycle and what the **Creighton Model FertilityCare System** has to offer.

Johnson County Right to Life is dedicated to protecting the sanctity of all human life, from conception to natural death. We seek to engage and educate our community to embrace and value the most vulnerable among us; the unborn, the elderly, and persons with disabilities. Our ultimate goal is to ensure legal protection of all human life.

***Persuasive Pro-Life:
How to Talk About Our
Culture's Toughest Issue***
by Trent Horn

Drawing on over a decade as a pro-life organizer, Trent Horn helps you cut through the diversions and obfuscations of the "pro-choice" side in order to accurately frame the legal, historical, and medical issues surrounding abortion. Then he demonstrates the importance of being charitable in all abortion debates, no matter how strident the other side might be. We must be not just warriors for the pro-life cause, he says, but *ambassadors* for it.
